### **Retirement Villages**

#### Form 3

ABN: 86 504 771 740

#### **Village Comparison Document**

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

Name of village: The Pavilion North Kirra

#### Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village
  accommodation, facilities and services, including the general costs of moving into, living in and
  leaving the retirement village. This makes it easier for you to compare retirement villages.
- The Retirement Villages Act 1999 requires a retirement village scheme operator to:
  - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
  - o include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
  - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at http://thepavilionnorthkirra.com.au.
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

#### **Notice for prospective residents**

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types
  of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some
  useful contacts are listed at the end of this document, including:
  - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
  - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

#### More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs
  Document, the village by-laws, your residence contract and all attachments to your residence
  contract for at least 21 days before you and the operator enter into the residence contract.
  This is to give you time to read these documents carefully and seek professional advice about
  your legal and financial interests. You have the right to waive the 21-day period if you get
  legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 1 November 2023 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

relating to the retirement village land, including details of any related development approval or development applications in accordance with the *Planning Act 2016* 

#### Staged development of village

We envisage the village will be developed over 2 stages as described below.

#### Stage 1 – completed in October 2021

68 independent living units over 10 levels in stage 1 of the village.

#### **Proposed Stage 2**

We are proposing to construct a second building in the village containing up to 65 independent living units over up to 9 levels plus additional basement car parking, with completion of all independent living units in this stage to occur at the same time. It is proposed that this stage of the village will include further additional retail lots (**Stage 2 Retail Lots**) and the following facilities:

- Gym;
- Swimming pool;
- · Recreation areas; and
- Lobby foyer
- BBQ outdoor area;
- Female and male amenities and change rooms;
- Community garden roof deck;
- Storage room;
- Ancillary Facilities (see below); and
- Additional Facilities (see below),

#### (Proposed Stage 2 Facilities)

The above stage is referred to in the village comparison document as 'Proposed Stage 2'.

Proposed Stage 2 will be located on Lot 200 on SP 317266 (title reference 51275931) (**Proposed Stage 2 Land**).

The Proposed Stage 2 Land may require further amalgamation or subdivision to, for example, create the Stage 2 Retail Lots. We reserve the right to further subdivide the Proposed Stage 2 Land as we see fit, subject to your rights under the residence contract.

The Proposed Stage 2 Land is owned by Aura Bilinga Management II Pty Ltd ACN 625 645 589 as trustee for the Aura Bilinga II Trust (**Proposed Stage 2 Land Owner**). Accordingly, the Proposed Stage 2 Land Owner has entered into a management agreement with the Village Operator in order to allow both stages of the village to operate as a single retirement village.

The proposed site plan (if any) included in marketing material depicts the proposed land development on completion of construction the 2 stages. Development of Proposed Stage 2 of the village may result in temporary inconvenience (for example, increased noise, dust, traffic and tradespeople at the village in connection with building works).

We reserve the right to develop the village having regard to financial availability, public demand for such accommodation and general and economic commercial factors governing the housing and retirement living market. As a result, the staging, timing and extent of the development of the village may alter from that originally planned.

The construction of Proposed Stage 2 may constitute 'redevelopment' for the purposes of section 113C of the Retirement Villages Act 1999 (Qld). Accordingly, this section constitutes written notice pursuant to section 113C(2) of the Retirement Villages Act 1999 (Qld).

#### **Building Management Statement**

The use of and costs associated with certain shared areas (for example entranceways, driveways, bin rooms etc.) will be allocated between the proposed retirement village and various retail lots pursuant to a building management statement (**BMS**).

#### **Development Approvals**

#### Stage 1

Development permits have been issued by Gold Coast City Council in relation to the development of stage 1 of the village. Details of these development permits are contained further below. These include:

- Minor change to Development Permit for a Material Change of Use for a Retirement Facility (70 Independent Living Units), Food and Drink Outlet and Shop – (council reference MIN/2019/253) issued 17 July 2019; and
- Original approval (application MCU201800220) issued 2 October 2018.

#### Proposed Stage 2

A development permit has been issued for stage 2 of the village, described as a Development Permit for a Material Change of Use for a Retirement Facility (65 units) and Shop granted on 4 March 2022 by way of consent Judgment of the Planning and Environment Court (No. 2674 of 2020).

Further approvals may be required (for example operational works approvals) prior to commencement of construction of Proposed Stage 2.

#### **Ancillary facilities**

In addition to the accommodation units and resident facilities noted in items 3.2 above and 6.1 below respectively, we intend for some areas in the village to be used for purposes that, in our opinion, are consistent with and ancillary to, the retirement village use and health and wellness generally (**Ancillary Facilities**). These areas include the café. Initially we may operate these facilities and then progressively

licence or sublease to third party operators. Either we or the third party operator will be responsible for all utilities (electricity, gas, water etc) and other operational costs in relation to these Ancillary Facilities. The operational costs will be apportioned based on the area that the Ancillary Facilities bear to the area of the village land or on some other terms as we may determine, acting fairly and reasonably.

The construction of the Ancillary Facilities described above may constitute 'redevelopment' for the purposes of section 113C of the Retirement Villages Act 1999 (Qld). Accordingly, this section constitutes written notice pursuant to section 113C(2) of the Retirement Villages Act 1999 (Qld).

#### Additional facilities

Additional facilities will only be provided if certain conditions occur such as increased sales, availability of finance or market conditions. The scheme operator proposes to offer the following facilities in the circumstances described:

- café (user pays basis), to be available to residents and members of the public when a café operator has entered into a licence or lease of the care premises;
- retail offering to be available to residents and members of the public as and when the designated retail areas are licenced or leased to relevant operators.

The availability and timing of these facilities are dependent on availability of finance, public and resident demand and receipt of all relevant approvals and may be subject to change at our discretion. Further resident amenities may also be provided subject to availability of finance and budget approval by residents.

# 5.3 Redevelopment plan under the Retirement Villages Act 1999

Is there an approved redevelopment plan for the village under the Retirement Villages Act?

☐ Yes ☐ No - however please see notice pursuant to section 113C(2) of the *Retirement Villages Act 1999 (Qld)* contained in item 5.2 above.

The Retirement Villages Act may require a written redevelopment plan for certain types of redevelopment of the village and this is different to a development approval. A redevelopment plan must be approved by the residents of the village (by a special resolution at a residents meeting) or by the Department of Communities, Housing and Digital Economy.

**Note:** see notice at end of document regarding inspection of the development approval documents.

#### Part 10 - Ongoing Costs - costs while living in the retirement village

**General Services Charge:** Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

**Maintenance Reserve Fund contribution:** Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

**Note:** The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.

#### \*Periods of occupation that are not a whole number of years Note: if the period of occupation is not a whole number of years, the exit fee will be worked out on a daily basis for any part of a year. In particular, for the purposes of the calculating the Pro Rata Exit Fee referred to above, the following formulas apply: **Pro Rata Exit Fee** = A x B / 365 days (or 366 in a leap year) X Resale Price (or Resale Value, if applicable) Where: Pro Rata Exit Fee Percentage (as defined below); and Number of days between the commencement date (if the period of occupancy is less than 1 year) or the last occurring anniversary of the commencement date. Pro Rata Exit Fee Percentage is the percentage that applies for the relevant period of occupancy which is a pro rata calculation from (and including) the commencement date or last occurring anniversary of the commencement date (as applicable) to (and including) the Exit Date as follows: • Less than 1 year - 7% More than 1 year but less than or equal to 2 years - 7% More than 2 years but less than or equal to 3 years - 7% More than 3 years but less than or equal to 4 years - 7% More than 4 years but less than or equal to 5 years - 5% **Maximum and Minimum exit fees** The maximum (or capped) exit fee is 33% of the Resale Price (or Resale Value, if applicable) after 5 years of residence. The minimum exit fee is 1/365<sup>th</sup> of 7% of the Resale Price or Resale Value (as applicable), subject to your right to terminate during the cooling off period. 11.2 What other exit Sale costs for the unit (but only if you appoint your own real estate costs do residents agent) need to pay or contribute to? ☐ Legal costs Other costs - see item 14.1 Part 12 – Reinstatement and renovation of the unit 12.1 Is the resident Yes (but see Note below) □ No responsible for reinstatement of the Reinstatement work means replacements or repairs that are unit when they leave reasonably necessary to return the unit to the same condition it was in the unit? when the resident started occupation, apart from: fair wear and tear: and renovations and other changes to the condition of the unit carried

out with agreement of the resident, scheme operator and land

owner.

Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear. Note You must keep the unit well maintained and at least in the good repair and condition it was in when you started occupying the unit (which may be evidenced by the entry condition report), fair wear and tear excepted. Please note that we will carry out any Repair Work at your cost. **Repair Work** means the work to be done to repair the unit or replace items in the unit where such work is reasonably necessary because you have: caused accelerated wear and tear (including deliberate damage or damage caused or contributed to by your negligence); carried out alterations to the unit (without the scheme operator or land owner's prior written consent); or carried out alterations to the unit with the scheme operator or land owner's prior written consent and a condition of that consent requires you to carry out certain repairs or replacements in the Unit, having regard to: the condition of the unit when you started occupying the Unit (which may be evidenced by the Entry Condition Report); and your repair and maintenance obligations under the residence contract. Entry and exit inspections and reports are undertaken by the scheme operator and resident to assess the condition of the unit. 12.2 Is the resident responsible for same proportion as the share of the capital gain on the sale of their renovation of the unit unit) when they leave the unit? ☐ Optional, only applies to residents who share in the capital gain on the sale of their unit, and the resident pays ......% of any renovation costs ⊠ No Renovation means replacements or repairs other than reinstatement work.

By law, the scheme operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.

Despite the above, unless otherwise agreed, we do not require you to contribute to any renovation costs.

#### Part 13- Capital gain or losses

13.1 When the resident's interest or right to reside in the unit is sold, does the resident share in the capital *gain* or capital *loss* on the resale of their unit?

Yes, the resident's share of the the resident's share of the car

capital gain is 100% capital loss is 100%

(subject to section 66 of the Retirement Villages Act 1999 (Qld). See item 14.1 below)

#### Part 14 - Exit entitlement or buyback of freehold units

An exit entitlement is the amount the operator may be required to pay the former resident under a residence contract after the right to reside is terminated and the former resident has left the unit.

## 14.1 How is the exit entitlement which the operator will pay the resident worked out?

If a capital gain: Exit entitlement = IC + CG - EF

If a capital loss: Exit entitlement = IC - CL - EF

Where:

**IC** means the ingoing contribution paid on commencement of your right to reside (your **Ingoing Contribution**);

**CG** means 100% of any capital gain as defined below;

CL means 100% of any capital loss as defined below; and

**EF** means the exit fee - refer to paragraph 5.2 of the Prospective Costs Document and part 11 above.

The scheme operator will also reimburse you for your reasonable legal costs (to a maximum of \$1100 plus GST) in relation to the sale of your right to reside.

However, please note section 66 of the Act provides as follows:

- if we accept an offer for a right to reside less than the Resale Value, your exit entitlement is to be worked out as if the right to reside was sold at the Resale Value; and
- if you accept an offer for a right to reside less than the Resale Value, your exit entitlement is to be worked out on the amount of the offer.

#### Capital gain

Capital gain is:

(a) If your right to reside in the Unit is sold to a new resident before

- your exit entitlement is paid: the amount by which the Resale Price exceeds your Ingoing Contribution; or
- (b) If your right to reside in the Unit is not sold to a new resident before your exit entitlement is paid: the amount by which the Resale Value exceeds your Ingoing Contribution.

#### **Capital Loss**

Capital loss is:

- (a) If your right to reside in the Unit is sold to a new resident before your exit entitlement is paid: the amount by which your Ingoing Contribution is greater than the Resale Price (subject to section 66 of the Act); or
- (b) If your right to reside in the Unit is not sold before your exit entitlement is paid: the amount by which your Ingoing Contribution is greater than the Resale Value.

#### Other costs

When we pay your exit entitlement, you must pay to the scheme operator:

- (a) the cost of Repair Work;
- the cost of services separately metered to the Unit by the scheme operator which remain unpaid (for example, water or electricity);
- (c) unpaid general services charge or maintenance reserve fund contributions;
- a proportion of the costs of obtaining any necessary valuations of the Unit (for example, these may be required to determine the Resale Value from time to time);
- (e) any other fees, payments, deductions and charges applicable under your residence contract or any other agreement that you have with us, including charges for any Personal Services contracted by you; and
- (f) if your residence contract is terminated in the event of your death, any costs incurred in our solicitors being satisfied as to the validity of any claim for payment of the exit entitlement to your estate.

## 14.2 When is the exit entitlement payable?

By law, the operator must pay the exit entitlement to a former resident on or before the **earliest** of the following days:

- the day stated in the residence contract:
  - which is the earlier of 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator which is when we receive the payment of the Resale Price or 18 months after the termination of the residence contract
- 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator
- 18 months after the termination date of the resident's right to reside under the residence contract, even if the unit has not been resold, unless the operator has been granted an extension for payment by the Queensland Civil and Administrative Tribunal (QCAT).

	In addition, an operator is entitled to see probate or letters of administration before paying the exit entitlement of a former resident who has died.
14.3 What is the turnover of units for sale in the village?	<ul> <li>1 accommodation units were vacant as at the end of the last financial year</li> <li>4 accommodation units were resold during the last financial year</li> <li>12 days was the average length of time to sell a unit over the last three financial years</li> </ul>

#### Part 15 – Financial management of the village
